

# Euclidia NOW 2022

Everything exists in Europe to  
promote the expansion of a  
multicloud "Made in Europe"

*Yann Lechelle, CEO, Scaleway*

*29/09/22*

# Scaleway

The cloud of choice

*Leading EU hyperscaler with datacenters in FR, NL and PL. Rich catalog of IaaS and PaaS products, from baremetal to serverless functions. Powering over 25,000+ businesses WW.*

**Hive: cloud technology foundation, made in Europe**  
**S3 object storage = basis for multi-cloud interoperability**

## WHAT IS IT?

- 126TB worth of metadata
- 35 billion entries
- 2 million databases
- 1 million reads per second at sub-millisecond speeds
- R&D: 4 engineers for 18 months
- Soon to be open sourced

## WHY IS IT UNIQUE?

- Multi AZ support (3 data centers in France)
- 3 storage classes: Onezone, STD (multi AZ) and Glacier
- Best in class performances
- EU Sovereignty: full ownership of the stacks, from the data center up to the Scaleway cloud software layers

WHITE PAPER
